2
3 IN THE MATTER OF:

CASE NOS. 3544 and 3582

4 **JAMES GRAHAM**
5 Certified Residential Appraiser
6 Certificate No. 21460

**CONSENT AGREEMENT AND
ORDER FOR THIRTY DAY
SUSPENSION OF CERTIFICATE
and PROBATION**

7 In the interest of a prompt and judicious settlement of the above-captioned matter
8 before the Arizona Board of Appraisal ("Board") and consistent with public interest,
9 statutory requirements and responsibilities of the Board, and pursuant to A.R.S. § 32-3601
10 *et seq.* and A.R.S. § 41-1092.07(F)(5), James Graham, ("Respondent"), holder of
11 certificate no. 21460 and the Board enter into this Consent Agreement, Findings of Fact,
12 Conclusions of Law and Order ("Consent Agreement") as the final disposition of these
13 matters.

14 On September 20, 2013, the Board held an Informal Hearing on case no. 3544 and
15 added further discussion regarding case no. 3582. Respondent was properly noticed and
16 appeared personally and on his behalf. At the conclusion of its consideration of the
17 matters, the Board voted to offer Respondent this Consent Agreement and Order in lieu
18 of further administrative proceedings.

19 **JURISDICTION**

20 1. The Arizona State Board of Appraisal ("Board") is the state agency
21 authorized pursuant to A.R.S. § 32-3601 *et seq.*, and the rules promulgated thereunder,
22 found in the Arizona Administrative Code ("A.A.C." or "rules") at R4-46-101 *et seq.*, to
23 regulate and control the licensing and certification of real property appraisers in the State
24 of Arizona.
25
26

2. Respondent holds a certificate as a Certified Residential Appraiser in the State of Arizona, Certificate No. 21460, issued on November 14, 2006, pursuant to A.R.S. § 32-3612.

CONSENT AGREEMENT

Respondent understands and agrees that:

1. The Board has jurisdiction over Respondent and the subject matter pursuant to A.R.S. § 32-3601 *et seq.*

2. Respondent has the right to consult with an attorney prior to entering into this Consent Agreement.

3. Respondent has a right to a public hearing concerning this case. He further acknowledges that at such formal hearing he could present evidence and cross-examine witnesses. Respondent irrevocably waives his right to such a hearing.

4. Respondent irrevocably waives any right to rehearing or review or to any judicial review or any other appeal of these matters.

5. This Consent Agreement shall be subject to the approval of the Board and shall be effective only when signed by the Executive Director and accepted by the Board. In the event that the Board does not approve this Consent Agreement, it is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any action by any party, except that the parties agree that should the Board reject this Consent Agreement and this case proceeds to hearing, Respondent shall assert no claim that the Board was prejudiced by its review and discussion of this document or any records relating thereto.

1 6. The Consent Agreement, once approved by the Board and signed by the
2 Respondent, shall constitute a public record which may be disseminated as a formal
3 action of the Board.

4
5 **FINDINGS OF FACT**

6 On or about September 20, 2013, the Board's investigation into this matter
7 revealed the following facts:

8 **3544**

9 1. This matter deals with an appraisal conducted and report written by
10 Respondent of a multi-family property located at 38 S. Pine Circle, Flagstaff, AZ 86001
11 with an effective date of value of October 16, 2012.

12
13 2. The subject is a multi-family property that is comprised of a single family
14 residence and a duplex on one parcel. The Respondent completed all three approaches to
15 value.

16
17 3. With respect to the Income Approach, the Respondent uses three rental
18 properties to estimate market rent. The subject's 4 bedroom units are larger than all of the
19 rentals and are offered to the market furnished. The rents indicated by the rental
20 comparables range from \$700 to \$1,300 per month or \$.72 -\$.94/SF/Month. Market rents
21 for the subject units are estimated to be \$934/month or \$.58-\$.76/SF/Month. Although
22 Respondent states that most emphasis is placed upon Rental Comparable No. 1 (\$.94/SF,
23 top; of the range) the estimate of rents is concluded at the bottom of the range.

24
25 4. Further, the rental comparables used in the income approach are the same
26 properties used in the sales comparison approach. Utilizing the same properties for both

1 rental and sales comparables is not accepted appraisal methodology. Rental rates reported
2 in the MLS sales are based upon rents as of the listing date, and may not reflect current
3 market rents. The rental rates presented in the appraisal are not reflected in the MLS data
4 sheets located in the workfile.

5
6 5. The Gross Rent Multipliers (GRMs) reflected by the sales comparables
7 range from 103.12 to 197.32, yet the Respondent concludes to a GRM of 59.2 in the
8 income approach. There is no explanation how the Respondent concluded to a GRM
9 significantly below the reported range. Although the Respondent states that actual rents
10 (\$6,000) are above market and estimates of market rents at \$2,802/month, the GRM is
11 applied to a rental estimate of \$6,000. In his Response, the Respondent notes that the
12 GRM was reconciled by consideration of the rental GRMs, the indicated value by the
13 cost approach and with the most weight placed on the value indicated by the sales
14 comparison approach. It appears that the Respondent merely divided the value indication
15 provided by the sales comparison approach by the estimate of market rent and used that
16 figure as the GRM. This is not recognized appraisal methodology and does not provide a
17 separate value estimate via the income approach.
18
19

20 6. With respect to the sales comparison approach, the Respondent uses three
21 closed sales and two active listings of multi-family properties in the area. Adjustments
22 are applied for differences in GLA, bedroom and bathroom counts. Four of the five
23 comparables are 33-53 years old, yet no discussion or adjustment is applied for the
24 subject' significantly younger construction of 4 years.
25
26

7. Respondent reported that the cost figures are provided by Marshall & Swift Valuation Services. The subject site is 11,530 SF and there is no covered parking and site improvements are described as cyclone fencing, yet the "as is" value of the site improvements is estimated at \$50,000. This figure appears excessive and is not supported by any information in the appraisal. The conclusion of market value via the cost approach is \$653,843, while the value conclusion via the sales and income approaches is \$355,000. The reconciliation states that the cost and income approaches were completed as required in the scope of work and deemed necessary to produce a credible report. Yet, there is no analysis or discussion as to the dramatic difference in value conclusions.

3582

On or about September 20, 2013, the Board's investigation into this matter revealed the following facts:

8. This matter deals with an appraisal conducted and report written by Respondent of a single-family residence located at 4409 E. Spanish Moss Lane, Flagstaff, AZ with an effective date of value of December 26, 2012.

9. The subject is a very large, 3-story custom home on a 16,260 square foot lot. The Respondent concludes that the 5,744 SF home is an over-improvement for the area and that the market does not value any livable area over 4,500 SF. As a result, GLA adjustments are based solely on the difference between the comparable sales GLA and 4,500 SF. Although the subject may be an over-improvement for the immediate area, there are many properties of similar size in the Flagstaff market. A search of public records indicates that there is a market for large homes in Flagstaff. The Respondent's

1 analysis to give no value to the additional square footage is not supported and does not
2 reflect recognized appraisal methodology.

3 10. While the Respondent gave no value to nearly 1,300 SF of livable area in
4 the sales approach due to its over-improvement, he values the entire 5,744 SF in the cost
5 approach and does not address functional obsolescence. If the subject is an over-
6 improvement that would not recover its cost in a market transaction, functional
7 obsolescence is indicated and should have been analyzed.

8
9 11. Moreover, the subject's lower level is a walk-out basement (daylight) that
10 is below grade but is not reported as such by the Respondent.

11
12 12. In addition, the subject has a 42-panel, grid-tied solar photovoltaic powered
13 system with two inverters that generates 6500 watts per hour. Energy efficient items
14 reported included: high density foam under slab insulation, dual pane low e windows and
15 upgraded ceiling and wall insulation. The Respondent reports solar electric in the sales
16 grid but gives no discussion or value to these features.

17
18 13. Comparable no. 6 is reported to be 3,750 SF. The Respondent states that
19 public records are typically more reliable when there is a variance with MLS information
20 and that he relies upon public records. However, MLS reported that this property had
21 been recently completely remodeled and expanded. The agent/owner reports that the
22 remodel added over 1,000 SF of livable area.

23
24 14. The Respondent inaccurately reported the garage as having 3 stalls rather
25 than 4.

8 certificate, the remaining terms of this Consent Agreement, including probation and
9 mentorship, shall be imposed if the application for license or certificate is granted.

10 18. Respondent has read and understands this Consent Agreement as set forth
11 herein, and has had the opportunity to discuss this Consent Agreement with an attorney
12 or has waived the opportunity to discuss this Consent Agreement with an attorney.
13 Respondent voluntarily enters into this Consent Agreement for the purpose of avoiding

17 which administrative hearing he could present evidence and cross-examine witnesses. By
18 entering into this Consent Agreement, Respondent freely and voluntarily relinquishes all
19 rights to such an administrative hearing, as well as all rights of rehearing, review,
20 reconsideration, appeal, judicial review or any other administrative and/or judicial action,
21 concerning the matters set forth herein. Respondent affirmatively agrees that this Consent
22 Agreement shall be irrevocable.

23 20. Respondent understands that this Consent Agreement, or any part thereof,
24 may be considered in any future disciplinary action against him.

2 23. If Respondent fails to comply with the terms of this Consent Agreement,
3 the Board shall properly institute proceedings for noncompliance with this Consent
4 Agreement, which may result in suspension, revocation, or other disciplinary and/or
5 remedial actions. Respondent agrees that any violation of this Consent Agreement is a
6 violation of A.R.S. § 32-3631(A)(8), which is willfully disregarding or violating any of
7 the provisions of the Board's statutes or the rules of the Board for the administration and
8 enforcement of its statutes.

9 24. Respondent understands that this Consent Agreement does not constitute a
10 dismissal or resolution of other matters currently pending before the Board, if any, and
11 does not constitute any waiver, express or implied, of the Board's statutory authority or
12 jurisdiction regard any other pending or future investigation, action or proceeding.
13 Respondent also understands that acceptance of this Consent Agreement does not
14 preclude any other agency, subdivision or officer of this state from instituting other civil

16 Agreement.

18 become effective unless and until adopted by the Board of Appraisal and executed on
19 behalf of the Board. Any modification to this original document is ineffective and void
20 unless mutually approved by the parties in writing.

21 26. Respondent understands that this Consent Agreement is a public record that
